

K-Love is such a wonderful christian outreach. It reaches out to all people who are trying to seek the Lord. If K-Love were to be displaced by an LPFM broadcaster it would be a tremendous loss to all communities all over America. It should be obvious that a station that is supported by it's listeners, has wholesome values and has a positive and encouraging impact should be allowed to stay on the air. I will pray that K-Love will not be forced off the air in any area it serves.
